About this session...

The Aeries "4 to 7- Year Plan" is a great tool to help keep students on track for graduation and college readiness. This session will cover how to effectively use this system to improve graduation and college/career/military readiness rates.

Scan for Documentation

The **Individualized Academic Plan** allows students and counselors to map out a **4-year** Academic Plan in High School

-or-

a **7-year** Academic Plan starting with 6th grade

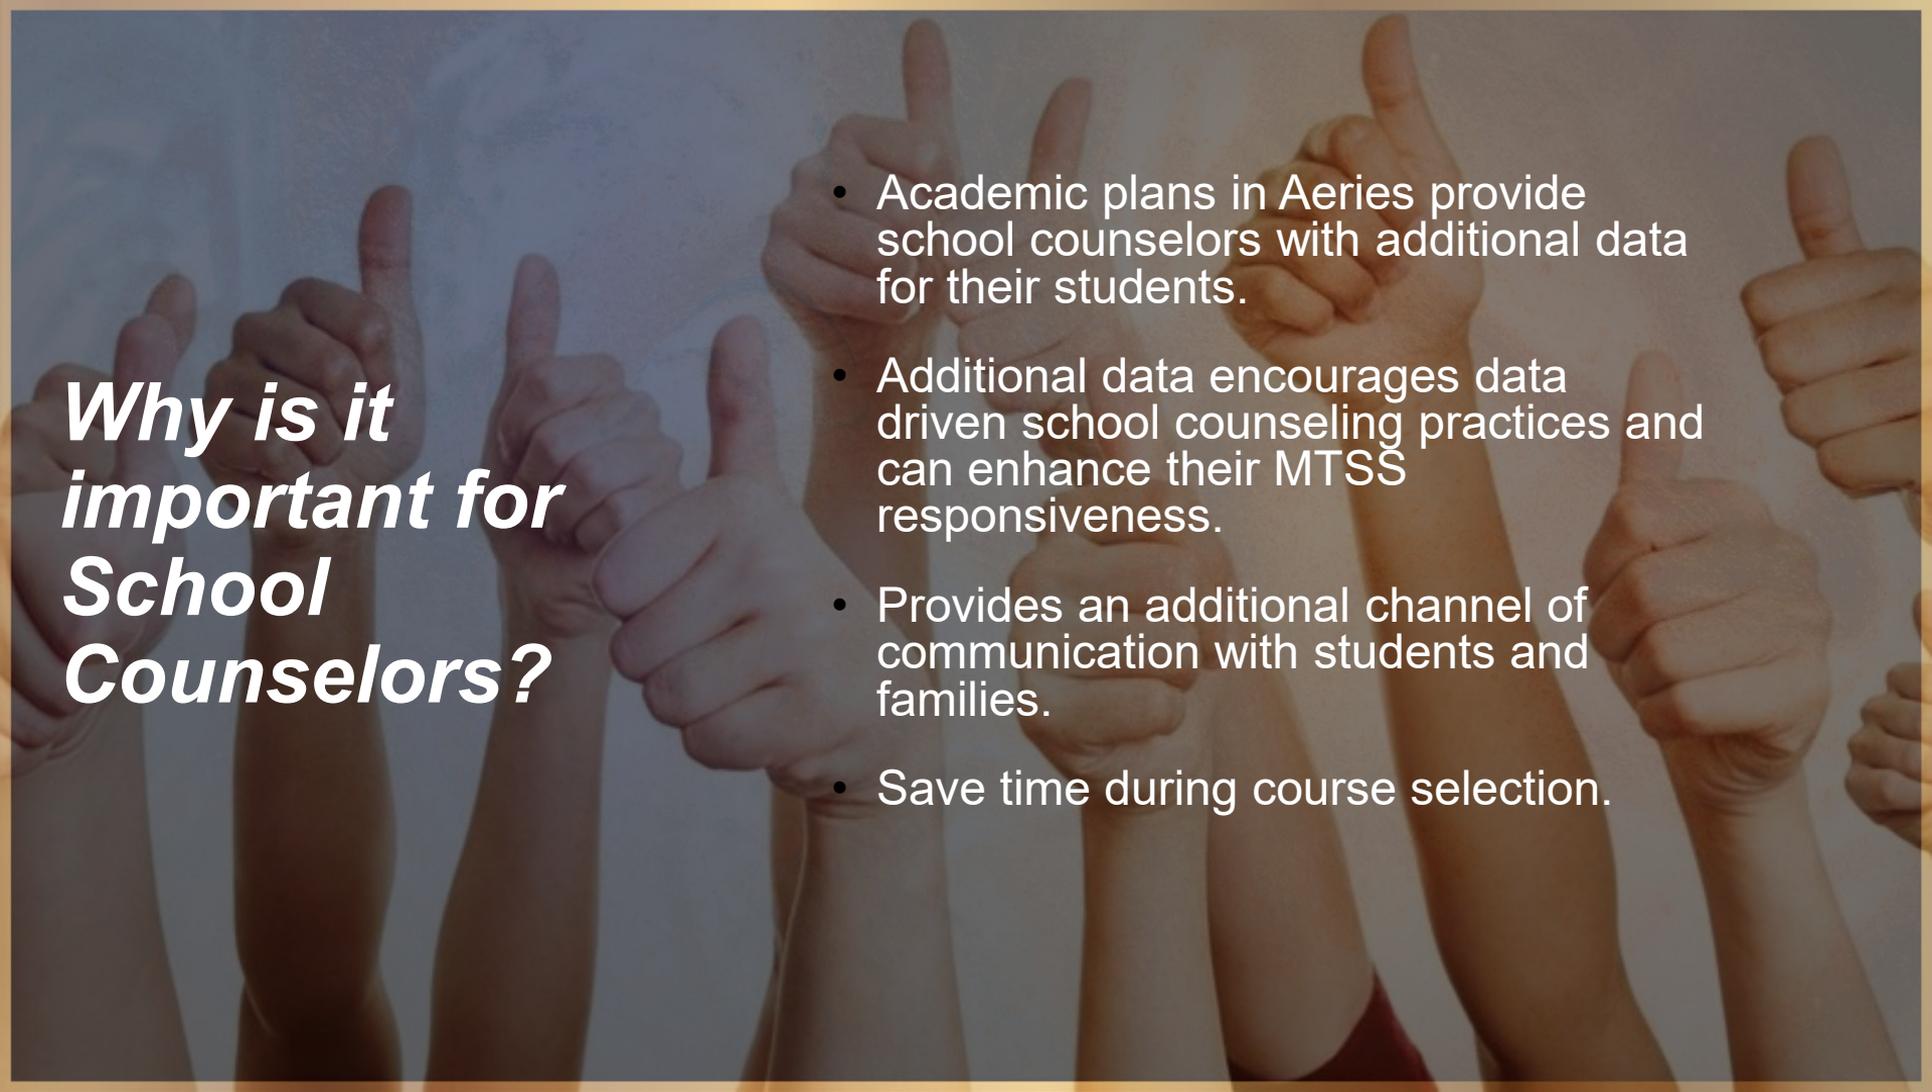

Why is it important for Students?

Helps Students....

- *Understand graduation requirements and track their progress*
- *Understand rigor in Honors, AP, IB, and Dual Enrollment*
- *Understand college entrance requirements (A-G, private, community college)*
- *Understand and complete CTE pathway requirements*
- *Meet honors/award criteria for graduation*

The background of the slide features a large number of hands, each giving a thumbs-up gesture. The hands are of various skin tones and are positioned at different heights and angles, creating a sense of collective approval or agreement. The overall image is slightly faded and has a warm, golden-brown tint.

Why is it important for School Counselors?

- Academic plans in Aeries provide school counselors with additional data for their students.
- Additional data encourages data driven school counseling practices and can enhance their MTSS responsiveness.
- Provides an additional channel of communication with students and families.
- Save time during course selection.

The background of the slide features a large number of hands of various skin tones, all raised and giving a thumbs-up gesture. The hands are positioned at different heights and angles, creating a sense of collective approval or agreement. The overall image has a soft, slightly blurred quality with a warm, golden-brown color palette.

Why is it important for Site Administrators?

- Academic plans in Aeries provide site administrators with additional data for their students.
- Additional data encourages student centered data-driven decision making.
- Provides additional data that can be used to forecast staffing needs.

Plan for YOUR future

Teach Students to become accountable for their choices in school, their academic progress, and setting/meeting their own goals.

You Have Options

Provide students with an appropriate level of autonomy and freedom to express themselves through their future plans.

Success Metrics

Using the Aeries Academic plan supports their ability to track graduation progress and meet the College and Career Readiness Indicator in the CA Dashboard and Endorsement Completion in TX

Save Time

Using the Aeries Academic plan will save time in the long run by allowing them to pull course requests from the plan and monitor student progress using reports and data.

Two simple ways to find the plan...

1. Filter for "Plan" in the pages navigation tree
2. In navigation node nested under *Student Data* and *Scheduling*

TIP: Searching for "plan" locates *almost* everything you need to use the Academic Plan

The screenshot shows the Aeries Student Information System interface for the 2020-2021 school year at Screaming Eagle High School. The left navigation pane is visible, with 'Student Data' and 'Scheduling' highlighted. The main content area displays an 'Attendance Summary' table.
